

Mission

The mission of the Nevada Regional Medical Center Foundation is to secure private gift support for the hospital, Moore-Few Care Center, Barone Alzheimer's Care Center, and Home Health/Hospice; and to support the health care mission of NRMC.

The primary purpose is to pursue important community health care needs. Today, health care needs are greater than ever and Nevada Regional Medical Center proudly offers excellent medical services to meet these needs.

The cost of providing quality health care continues to increase at rapid levels. Nevada Regional strives to maintain the latest technological advances, as well as staying up-to-date with changing community needs and continual demand to upgrade and improve equipment and services. These require funding beyond patient revenues.

"The greatest use of a life is to spend it on something that will outlast it."

William James

The Wall of Appreciation

The *Wall of Appreciation* is a tribute to those donors whose outstanding generosity demonstrates a commitment to medical excellence in our community. Recognition is cumulative. Donors (families, individuals, organizations, businesses) "move up" the wall as total donation amounts increase.

Donors may designate that gifts be used where most needed or be used to support specific Medical Center programs and services. Donors may also make contributions in memory of a loved one or friend or to honor someone.

Levels of Recognition

Associate	\$5,000 - \$9,999
